

It is getting hotter day by day.

We hope you are doing well.

In this issue, we would like to introduce power harassment for broadening your knowledge on harassment.

(Case) The attitude of the senior staff, who took post in April was very overpowering (imperative). Some could bear it, but there were employees who suffered from health problems due to this.

And using humiliating words like “Are you a fool !”, “will fire you”, “you have a bad memory, will not give you work any more”, “you are troubling others” etc. were used.

Once the senior starts scolding he or she did not stop or continued humiliating for long hours. When this happened frequently the moral of staff begin to fall.
